

Imo Solas Manual Containing Fire Detection

Imo Solas Manual Containing Fire

Amendments adopted by MSC 98: A set of amendments to SOLAS chapter II-1 relating to subdivision and damage stability. The amendments were developed following a substantive review of SOLAS chapter II-1, focusing in particular on new passenger ships.

Action Dates - IMO

The first fire protection requirements for international shipping were developed as part of the 1914 SOLAS Convention, which was developed in response to the sinking of the Titanic in 1912. Although the 1914 SOLAS Convention was prevented from coming into force due to World War I, it did contain basic fire safety requirements which were later carried over to the 1929 SOLAS Convention.
