

Improvisation Dance Movement

Improvisation Dance Movement

Dance improvisation is the process of spontaneously creating movement. Development of improvised movement material is facilitated through a variety of creative explorations including body mapping through levels, shape and dynamics schema.

Dance improvisation - Wikipedia

Improvisation in engineering is to solve a problem with the tools and materials immediately at hand. Examples of such improvisation was the re-engineering of carbon dioxide scrubbers with the materials on hand during the Apollo 13 space mission, or the use of a knife in place of a screwdriver to turn a screw.

Improvisation - Wikipedia

Since 1987, Young Dance has encouraged youth in our community to build body and spirit through the creative art of dance. The dance students and company collaborate with professional artists, forge meaningful community partnerships and push the boundaries of the art and practice of dance.
